## 1.0 BACKGROUND

The Government of Uganda (GoU) through the Ministry of Water and Environment (MWE) with support from the World Bank is implementing the Irrigation for Climate Resilience Project (ICRP). The project development objectives are to provide farmers in the project areas with access to irrigation and other agricultural services, and to establish management arrangements for irrigation service delivery.

**Components:** The project has three components: Component 1. Irrigation Services; Component 2. Support services for agricultural production and value-chain development; and Component 3. Institutional Strengthening and Implementation Support.

**Kabuyanda Irrigation scheme:** The ICRP will – among others - support construction of a new irrigation scheme in Kabuyanda, in Isingiro and Ntungamo Districts, in South-Western Uganda, and the related establishment of management structures. The Kabuyanda irrigation scheme comprises of a zoned earth fill dam on the Mishumba River, of 33 m high, 314 m of maximum crest length, creating an 8.8Mm<sup>3</sup> reservoir; main pipeline of 15km in length and a piped irrigation network serving a command area of 3,300 ha. The irrigation network is the sub main distribution lines that take the water from the main pipeline to the farm gates. The pipe irrigation network covers all the thirty-eight (38) villages within the irrigable command area in the Sub-Counties of Kabuyanda and Kikagati, and Kabuyanda Town Council.

## 2.0 KABUYANDA IRRIGATION NETWORK SECTIONAL RAP

During project preparation, a Resettlement Action Plan (RAP) for the Kabuyanda Irrigation scheme was prepared, consulted upon, cleared by the World Bank, and disclosed on the MWE website on February 18, 2019 ( <https://www.mwe.go.ug/projects/ICRP> ) and on the World Bank’s external website on February 26, 2019 (<https://documents.worldbank.org/en/publication/documents-reports/documentdetail/838461551252259838/resettlement-action-plan>)

During the ICRP negotiations in February 2020, the GoU through MWE and the World Bank agreed on the opportunity of implementation of the Resettlement Action Plan (RAP) reflecting the sectioning of large civil works and agreed that the various plans could be implemented in sections, provided that this is adequately reflected in the RAPs approved and agreed with the World Bank and that a RAP completion report will be produced for each such section. With reference to the Kabuyanda Irrigation scheme, MWE thus decided to prepare the Sectional RAPs in the following order: (I) Kabuyanda Dam sectional RAP; (II) Kabuyanda Main Pipeline Sectional RAP; and (III) Kabuyanda Irrigation Network Sectional RAP.

Two sectional RAPs have since been prepared, consulted upon, cleared by the World Bank and disclosed: viz; the Kabuyanda Dam and the Main Pipeline sectional RAPs, with the links as <https://www.mwe.go.ug/library/sectional-resettlement-action-plan-rap> and <https://www.mwe.go.ug/library/rap-kabuyanda-main-pipeline-isingiro-district> MWE, therefore, embarked on the preparation of the third sectional RAP of the Kabuyanda Irrigation Network, consisting of the Secondary and Tertiary Lines. This third sectional RAP is an addendum to the RAP disclosed on February 18, 2019. Additionally, this sectional RAP has been prepared in accordance with Ugandan Policies, with the social safeguard policies of the World Bank Group notably the Operational Policy (OP) 4.12 on involuntary resettlement, and with the ICRP Financing Agreement.

### 3.0 KABUYANDA IRRIGATION NETWORK PROJECT AFFECTED PERSONS (PAPs)

The laying of the irrigation network will affect crops, structures of private land owners, and institutional land parcels. No land acquisition will take place: following the laying of the irrigation network, the land will return to the owners for personal usage. One Thousand Two Hundred Ninety-Eight Project Affected Persons (1,298 No.) will be compensated, of which: One Thousand and Seven (1,007 No.) Project Affected Persons (PAPs) will be compensated for crops, and Two Hundred and Ninety-One (291 No.) for structures. Of the 1,298 PAPs, 33 are institutions. Tabulated below is a summary of institutional land parcels affected.

**Table 1: Summary of institutional land parcels affected**

S/N	Institution type	No. affected	Nature of Properties Affected
1	Primary Schools	8	Guard Houses, Perimeter Walls, Pit Latrines, Crops and Trees
2	Secondary Schools	1	Crops and Trees
3	Churches	7	Pit Latrine, Crops and Trees
4	Hospitals	1	Pit Latrine and Chain Link fence
5	Markets	1	Permanent Structures
6	Self-Help Groups	15	Permanent and Semi-Permanent Structures, Crops and Trees
<b>Total</b>		<b>33</b>	

### 4.0 INCREMENT IN COMPENSATION VALUES

The Kabuyanda Pipe Network compensation figures increased from **UGX. 462,436,693 (Four Hundred Sixty-Two Million, Four Hundred Thirty-Six Thousand, Six Hundred Ninety-Three Shillings Only)** from what it was originally in the February 2019 RAP, to now **UGX. 6,260,792,279/= (Six Billion, Two Hundred Sixty Million, Seven Hundred Ninety-Two Thousand, Two Hundred Seventy-Nine Shillings Only)** as indicated in the approved compensation valuation report by Chief Government Valuer (CGV) for the network in June 2022. This financial figure includes a 30% Disturbance Allowance that will be paid to the 1,298 No. PAPs whose crops and structures shall be affected by the construction of the Pipe Network (Secondary and Tertiary lines).

The following are the two reasons for increment in compensation values.

Firstly, during the validation exercise, the CGV guided the valuation team to adopt newer and higher compensation rates of the neighboring Kyotera and Rakai districts instead of those of Ntungamo district which were deemed outdated and yet, they had been used in the February 2019 RAP.

Secondly, there was increment in the pipe network length that caused more property to be affected. The increment in the pipe network length was due to the optimization of the design. In July 2019, there was a shift from a pumping system to a gravity fed water

system. The gravity fed system requires the pipe network to make maneuvers along suitable elevations to easily allow flow of water in the required quantity and pressure head. Furthermore, the increment in the pipe network length was due to the design requirement which necessitated the pipe network to run along the existing land boundaries of the project beneficiaries, as it is believed this will facilitate operation and management. In addition, designing pipes running along boundaries reduces on boundary access conflicts and also eases supply of water to the beneficiaries.

#### 4.1 Cut Off-Date

The Cut-Off date was communicated to the Project Affected Persons as May 31, 2022.

#### 5.0 CONSULTATIONS

MWE engaged PAPs for the Kabuyanda Irrigation Network on three (3) separate occasions;

- 1) Dissemination of the Final Design (2<sup>nd</sup> to 6<sup>th</sup> December 2019),
- 2) Re-survey and re-alignment of the infrastructural corridor (started on 10<sup>th</sup>-20<sup>th</sup> December 2019, and resumed in March 2020, between 2<sup>nd</sup> -19<sup>th</sup> March 2020)
- 3) RAP Validation Exercise (started on 26<sup>th</sup> April to 7<sup>th</sup> May 2021 by the MWE team, and 9<sup>th</sup>-25<sup>th</sup> May 2022 by the CGV team).
- 4) Disclosure of compensation values to PAPs. (12<sup>th</sup> to 23<sup>rd</sup> September, 2022)

#### 5.1 Dissemination of the Final Design

Between 2<sup>nd</sup> and 6<sup>th</sup> December 2019, MWE disseminated the Final Design for the Kabuyanda Irrigation Scheme to the District, the Sub Counties, Parishes and the Community at large. The main objective was to explain and clarify on the changes that came as a result of change in the Scheme design. Tabulated below are the notable changes in the design that have affected the RAP.

**Table 2: Notable changes in the design that affected RAP implementation**

S/N	RAP changes	February 2019	June, 2022
1	Length (Km) of the Irrigation Network (Secondary and Tertiary Lines)	43.9	65
2	Number of PAPs	609	1,298

The design dissemination exercise was conducted as tabulated below

**Table 3: Project Design Dissemination was carried out at the following Levels;**

Level	Location	Date
District	Isingiro District Local Government	2 <sup>nd</sup> December 2019
Sub County	- Kikagati Sub County - Kabuyanda Sub County - Kabuyanda Town Council	3 <sup>rd</sup> -4 <sup>th</sup> December 2019
Parish	<ul style="list-style-type: none"> <li>• Ntundu Parish</li> <li>• Rwamwijuka Parish</li> </ul> (In Kikagati Sub County)	5 <sup>th</sup> December 2019
	<ul style="list-style-type: none"> <li>• Kabugu Parish</li> <li>• Kanywamaizi Parish</li> </ul> (In Kabuyanda Sub County)	5 <sup>th</sup> December 2019
	<ul style="list-style-type: none"> <li>• Central Ward</li> <li>• Northern Ward</li> <li>• Iryango Ward</li> <li>• Kisyoro Ward</li> </ul> (In Kabuyanda Town Council)	5 <sup>th</sup> -6 <sup>th</sup> December 2019

**Table 4: District, Sub County, Parish and Community reactions; and responses from the MWE team (Conducted between 2<sup>nd</sup> and 6<sup>th</sup> December 2019)**

No	Question / issue / concern/ comments	Response / clarification
1	Sub-County officials requested to have the project designs displayed at the Sub County notice boards for easy access by the communities	MWE agreed to the recommendation and the designs were displayed at Sub County notice boards. Attached Annex 4.
2	Concern on delayed compensation from Government? Is there any guarantee that the PAPs will be paid?	Government assured PAPs that they shall be compensated before commencement of any civil works like Government did successfully with PAPs for the dam and main pipeline.
3	Members also wanted to know if farmers in the project area are allowed to carry on with their agricultural activities.	MWE informed the farmers to continue with their farming activities of seasonal crops until construction works are due to commence. Construction schedules will be communicated in time by MWE to allow harvesting of their crops.
4	Once the PAP consents in writing at the point of survey and valuation for the network line to pass through someone's plot of land, can he/she still construct on top of it?  In case it's not possible, shall we be allowed to transfer the pipes to the road to allow us	In case the pipeline passes through one's plot, he / she can't construct on top of it. However, one can use the piece of land to plant seasonal crops with no tap roots. Crops like maize, beans, peas, Irish potatoes, cassava among others were agreed upon with the land owners/community. Consent agreements were signed by all PAPs to this effect.

	use our land since land is very expensive in this village?	
5	Some Local Council I officials (LCI) requested to know which people would be compensated i.e., land owners only or even those who had rented the land.	MWE clarified that all properties belonging to the land lords, tenants and squatters would be surveyed, valued and after approval by the CGV would be compensated according to the ownership as captured at the point of valuation.
6	A community member was concerned that he had already started constructing his two roomed house where the pipeline will pass according to the project design.	The community was told that the cut-off dates were May 31, 2022. All developments during validation exercise were eligible for compensation. And any other development that is put up in that place after the cut-off will not be considered for compensation.
7	What can one do if the transmission line is passing through their grave yard? Can the pipeline be shifted / re-located at least 4ft from the graves?	All property including graves that will be affected by the civil works will be valued and compensated, including payment for the observance of all cultural aspects/rites during the transfer of the human remains to enable the affected families to transfer them to another place.
8	Community members requested to know the period for the construction commencement of the scheme	Construction for the dam will likely commence in October, 2022 and will take two years and main pipeline and network will commence more likely six months after the commencement of the dam works and will take two years. However, MWE promised to keep updating the community and Local Government with information during stakeholder engagements on the actual dates of commencement of works for different sections as the time for commencement approaches close to full effectiveness.
9	Members wanted to know whether water for irrigation was to be paid for or will be for free.	There will be a fee for operation and maintenance of the scheme to be paid by the farmers. The process of determining the fees will be highly participatory.
10	The farmers requested to know in case of any compensation grievance, where do they run to for help?	MWE informed the participants that Grievance Redress Committees (GRC) at District, Sub County and Parish levels would be established to handle all complaints or issues raised by the community. It was explained by MWE that GRCs would be trained in handling the grievances.
11	One of the farmers asked that in case one sells off land to another person within the period between valuation and compensation, who will be compensated among the two?	Validation of PAPs will be carried out before making payments to PAPs, and once it is discovered that the land ownership changed, the details of the current owner would be captured and the new owner will be the one to be compensated.

## 5.2 Re-survey and re-alignment of the Infrastructural Corridor

Following the design reviews and modifications of Kabuyanda Irrigation Scheme pipe network layout, in December 2019 MWE carried out the mobilization, stakeholder engagement, sensitization of communities and Local Government on the compensation, design process and re-survey and re-alignment exercise activities along the Secondary and Tertiary lines. The main objectives for the re-survey and re-alignment were;

- Stakeholder engagement and mobilization
- Sensitization of the stakeholders on the survey and valuation process
- Obtaining Consent from PAPs on the survey and evaluation
- Valuation of property
- To identify and confirm the number of PAPs to be affected by the project corridor,
- To carry out a situational analysis and stakeholder identification,
- Determine the villages / cells and their respective leadership,
- Determine the dominant crops and affected assets,
- Determine the major land tenures and uses.

The re-survey and re-alignment exercise led to identification and confirmation of 1,298 PAPs along the Secondary and Tertiary Pipelines. These 1,298 PAPs are spread across the 38 villages of the irrigable command area. During the re-survey, it was confirmed that the major land use in the Kabuyanda project area is crop growing with the majority of the land being held customarily. The most dominant crop to be affected is banana plantations, with a few trees of various species to be felled as well during project implementation. Furthermore, a number of structures including semi-permanent/permanent buildings, kiosks, fencing lines, etc., shall be affected. Tabulated below is a summary in numbers of PAPs with structures and crops affected.

**Table 5: Numerical summary of PAPs with varied natures of affected properties**

S/N	Pipe Section	Total No. of PAPs	No of PAPs with affected structures	No. of PAPs with only affected crops and trees
1	Secondary and Tertiary	1,298	291	1,007

During valuation, all particulars of the structures/crops to be affected were recorded including the type, name, maturity like of trees, numbers to ensure correctness in the valuation and to avoid any ambiguity during compensation and validation and to reduce the grievances. The exercise of the survey and valuation was participatory encouraging all PAPs to participate throughout the exercise for the identification of the affected items and valuation. After which, the consent agreements for the survey and valuation were entered between the PAPs and Government as a sign of consent and transparency.

### **5.2.1 Dissemination and discussion of the compensation process**

MWE officers briefed the PAPS on the compensation process. They requested the PAPS to participate and be co-operative throughout the whole process of compensation. The compensation process was explained as follows;

- i. Undertake field survey and valuation for crops and structures. In land acquisition section, land to be affected was surveyed and valued.
- ii. Make a Valuation Assessment Report.
- iii. Validate the report with the PAPS
- iv. Submit the report to the Chief Government Valuer (CGV) for approval.
- v. Disclosure of the approved CGV values to the PAPS.
- vi. MWE and the PAPS discuss and review the compensation agreement
- vii. The PAPS sign the compensation agreements
- viii. PAPS declare their bank account details to the Government.
- ix. Government pays the PAPS.

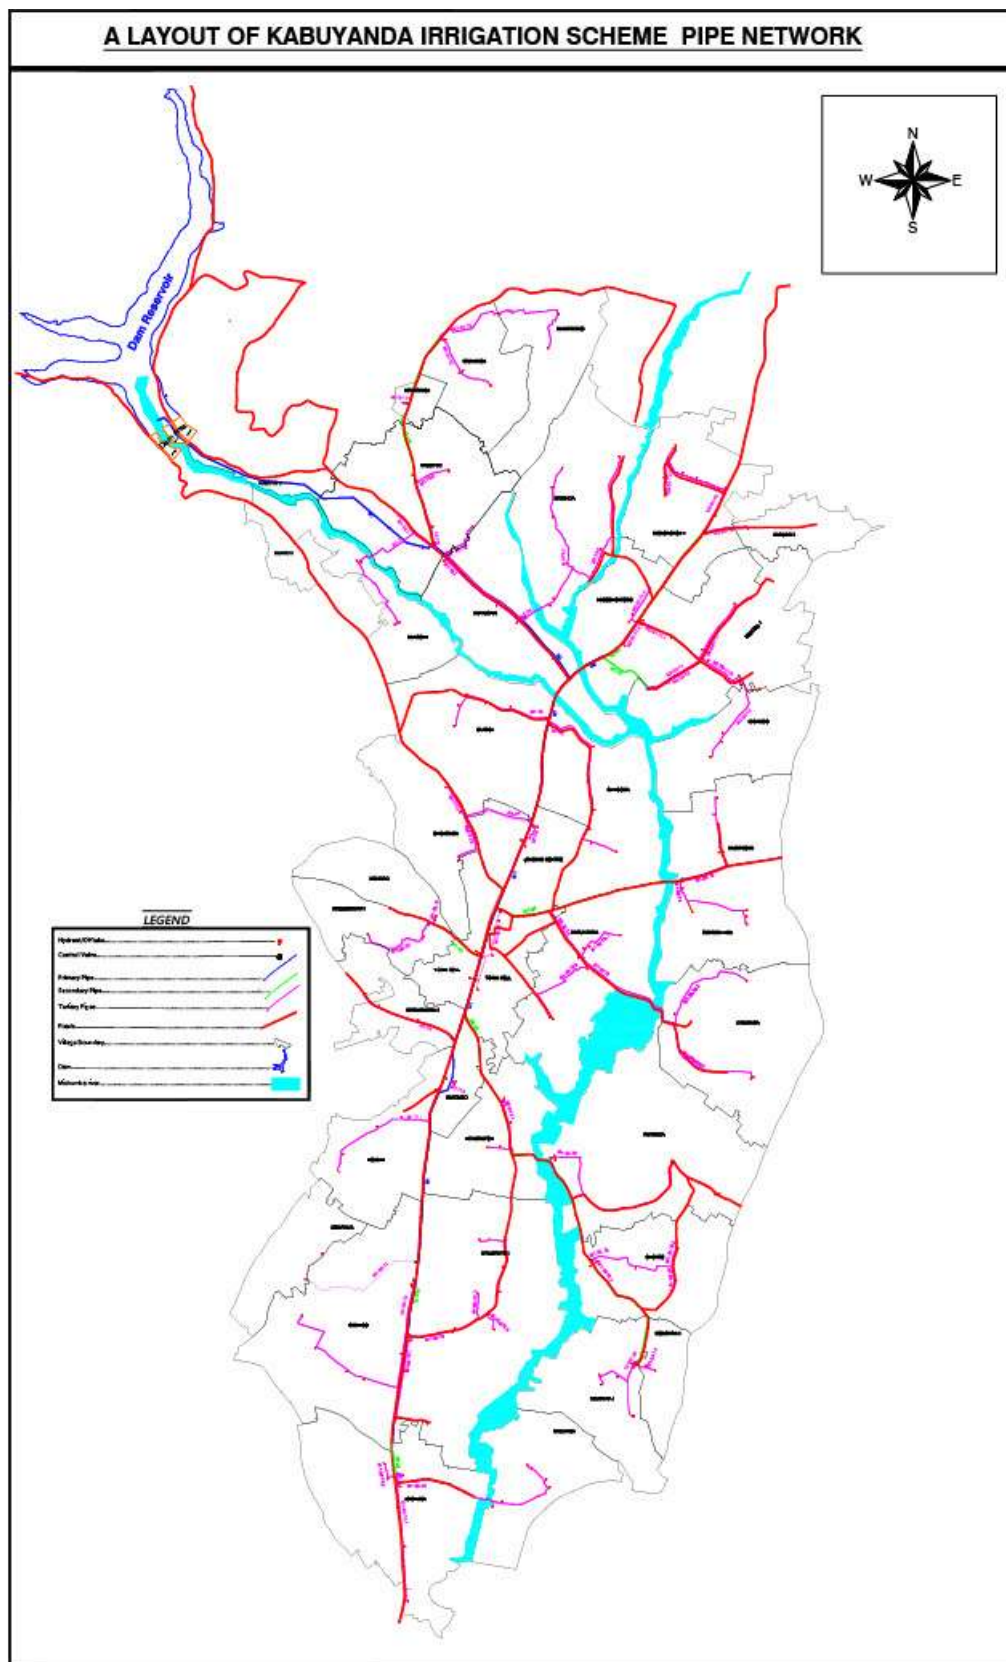

Figure 1: A layout of Kabuyanda Irrigation Scheme Pipe Network

### 5.3 PAPs' Validation Exercise of Kabuyanda Irrigation Network

In the months of April and May, 2021, MWE carried out the first validation exercise for the Irrigation Network PAPs to ascertain with the PAPs if the data captured was correct and up to date. The CGV then carried out the final validation for the economic assessment, in May 2022 to acquaint themselves with the project area as per their mandate, and validate the data

captured by the MWE, subject to their approval. The activity was carried out in the affected villages as tabulated below.

<b>Table 6: Administrative units affected by the Irrigation pipe networks/N</b>	<b>Village</b>	<b>Parish/Ward</b>	<b>Subcounty</b>
1	Ekisinga	Kabugu	Kabuyanda
2	Kabesekyere

34	Kaburara		
35	Kamwosya		
36	Kigando		
37	Rwamwijuka		
38	Ruyonza		

In May 2021, MWE together with the Isingiro District/Sub-County and LC1 Officials/Representatives identified, verified and validated all PAPs. The activity included recording

names and particulars (photographs of the affected persons, copies of National Identification Numbers (NINs), telephone numbers and properties) of each PAP. Each PAP cross checked and confirmed their name and property with the assistance of Local Council I Chairpersons. The team also gave opportunities to PAPs to ask any questions for clarity.

PAPs with cases such as minors requiring guardianship, landowners who are incapacitated and cases which require processing of letters of administration as well as powers of attorney were advised on the process and procedures of acquiring these statutory documents. All the PAPs who acquired the above documents submitted them to MWE officials and were presented to CGV.

The PAPs presented their identification documents and MWE officials verified them to ensure consistency with the information provided in the network draft valuation report. For cases where they differed, they were edited in the draft report and captured in the revised report.

For PAPs who were not satisfied with the valuation of their property, re-assessments were done. The team of Valuers, Surveyors, Sociologists, Local Council I Chairpersons and some members of the Grievance Redress Committees went back to the ground together with the complaining PAPs to re-assess the affected property. In cases where there were changes from the first assessment, corrections were made during the compilation of the Final Valuation Report and were submitted to the Chief Government Valuer in June 2022.

#### 5.4 Validation Issues/Responses

The following items were raised by the PAPs during the validation exercise and MWE provided the responses accordingly to the satisfaction of the PAPS as shown below;

**Table 7: Issues by PAPs and MWE responses raised during validation exercise**

No.	Questions/Issues	Recommendations/Way forward
1	Project Affected Persons wanted to know who would be paid if the PAP sold the land and the property after they had been surveyed and valued.	MWE informed the participants that the validation exercise was the final activity to capture the identities of PAPs. MWE urged the validated PAPs to refrain from the transfer of property till after compensation was done to avoid ownership and identification issues during payments and signing of compensation agreements.
2	The PAPs had high expectations of the compensation values after getting information from the Dam and Main Pipeline PAPs.	The PAPs were informed that the values of their property will be determined by the Chief Government Value using updated compensation rates of land and property determined by the CGV. Further, MWE explained that the high values in the dam and main pipeline were accruing from the land and plantations valuations.
3	The PAPs appreciated MWE for all the intervention and stakeholder engagement it was carrying out with the PAPs to ensure that the accurate compensation goes to the rightful owner of the property.	MWE thanked the PAPs for this appreciation on the engagement and further appreciated them for all the cooperation from the PAPs and all the stakeholders towards the smooth implementation of Kabuyanda

		Irrigation Scheme.
4	Suppose the PAP dies who receives the Compensation?	Both Agreements, i.e., Acceptance to Survey and Valuation, and Acceptance to Compensation agreements made between the Government and the PAP towards land acquisition and compensation have a provision of showing the name of the spouse or the next of kin so that in case of any uncertainty, the named spouse or next of kin can receive the compensation on behalf of the PAP.
5	When are we going to see the amount of money to be paid to us as we thought we were going to know our money right now?	As soon as the CGV approves the valuation report, the MWE shall come back to disclose the values to each individual before signing the compensation agreement and effecting payment and PAPS shall be asked to consent to the values.
6	When is the Ministry going to pay us?	All PAPs will be compensated before commencement of construction and as soon as the CGV approves the valuation report and in the periods between July and November 2022.
7	The PAPS requested to know the Government compensation procedure.	The process was explained as follows; <ol style="list-style-type: none"> <li>1. Government discloses the CGV approved values to PAPs</li> <li>2. PAPs consent to the values by signing compensation agreements</li> <li>3. The PAPs offer bank details for the values Of UGX 300,000 and above</li> <li>4. Opening and presentation of Bank accounts for those without bank accounts whose values are UGX 300,000 and above</li> <li>5. Provision of copies identity cards</li> <li>6. The Government pays the PAPS</li> <li>7. For PAPS whose values are below UGX 300,000, will be paid by cash at their respective Sub Counties after receiving announcements over the radio and through Local Government structures.</li> </ol>
8	Some PAPs raised a concern of opening Bank Accounts when some will be getting little money as compensation.	PAPs were informed that during disclosure of the values, the payment process will be discussed and those

		who have less than 300,000/- will be paid by cash.
9	Some PAPs wanted to know the reason as to why some PAPs in the dam and main pipeline areas were paid earlier and now the PAPS in the Secondary and Tertiary is being considered now.	During the ICRP negotiations in February 2020, the GoU through MWE and the World Bank agreed on the implementation of the Resettlement Action Plan (RAP) through the sectional RAPs in the following order: i) Kabuyanda Dam, ii) Main Pipeline and iii) Irrigation Network to allow fast tracking of the construction of the first sections of the scheme (dam and main pipeline) and to ease Government's provision of required financial resources for compensation.
10	PAPs inquired whether it was allowed to present relatives' bank accounts for compensation money.	PAPs were encouraged to open and use their personal bank accounts to avoid conflicts. They were further informed that the bank accounts similar to the names appearing in the CGV's valuation report were a requirement during the compensation exercise.

### **5.5 Process of Disclosure of Compensation values, endorsement and signing of compensation consent agreements**

Between 12<sup>th</sup>-23<sup>rd</sup> September, MWE officers held consultative meetings with the PAPs at each of the villages in the command area where secondary and tertiary pipelines will be laid, to disclose the compensation values after the CGV had approved the Valuation and Compensation report for the Secondary and Tertiary Pipeline of Kabuyanda Irrigation Scheme in Isingiro District.

The MWE staff disclosed values to each PAP individually with a lot of confidentiality. Those who agreed with the disclosed values were requested to present their Identification documents, which would be attached to the consent agreement (*find copy attached*). The required documents included;

- ❖ 3 passport photographs
- ❖ 3 photocopies of National Identity Cards
- ❖ Bank Details ie Bank Account Number, Account Name and Name of Bank

The Compensation consent agreements were filled and signed in triplicate i.e., one copy for MWE, one for the PAP and another for Water for Production Regional Centre West that is handling the payment of the Kabuyanda Irrigation Scheme compensation.

## 6.0 Kabuyanda Irrigation Network Sectional RAP Implementation Schedule

The implementation of the Irrigation Network sectional RAP will be as shown below.

**Table 8: Implementation schedule**

	<b>Activity</b>	<b>Start Date</b>	<b>End date</b>	<b>Responsibility</b>	<b>Remarks</b>
1.	Irrigation Network Valuation Report approval by Chief Government Valuer	June, 2022	July, 2022	CGV	Concluded
2.	Disclosure of CGV approved compensation values to PAP's and Signing of consent and compensation agreements with PAPS	August, 2022	September, 2022	MWE/WfP	Concluded
3.	Compensation payment	August, 2022	November, 2022	MWE/WfP	621 PAPs of the 1,298 PAPs for the Secondary and Tertiary network have been paid, leaving a balance of 677 PAPs. More 2.4bn to be secured in between July – December 2022 to clear the remaining 677 PAPs.
5.	Grievance Management	Continuous	Continuous	MWE/GRCs	On-going

**MINISTRY OF WATER AND ENVIRONMENT**

**CONSENT AGREEMENT BETWEEN MINISTRY OF WATER AND ENVIRONMENT AND PROJECT AFFECTED PERSON(S) FOR LAND SURVEYING AND PROPERTY/CROPS VALUATION FOR ONWARD COMPENSATION AND IMPLEMENTATION OF KABUYANDA IRRIGATION SCHEME IN ISINGIRO DISTRICT**

Ministry of Water and Environment thereafter referred to as "MINISTRY" enters into a consent agreement with the Project Affected Person(s) thereafter referred to as "PAP(s)" for the land surveys and economic valuation for onward compensation and implementation of Kabuyanda Irrigation Scheme in Isingiro District.

Undertaking of PAP(s)

I/We TUBA TUBUKA ZAYERIRO hereby consent to the following;

1. Surveys and valuation of land, property/crops to be carried out by Ministry of Water and Environment without any objection.
2. I have participated in the land survey and valuation process with my consent.
3. I shall cooperate with the Government guidelines and procedures in the compensation exercise/ process.
4. From the survey and valuation process in which I have participated, it has been established that I am a PAP(s). The Ministry has carried out economic valuation of my property with my consent and participation which only include the following:

Land affected

..... 11 ..... 17 .....

Infrastructure affected

..... 11 ..... 11 .....

Crop(s) affected

..... Banana - 54 ..... CALAWA - 2 .....

..... Yams - 22 .....

..... Pawpaw - 1 .....

..... Eucalyptus - 1 .....

5. I consent that the Chief Government Valuer should determine the final compensation value.
6. Once the Ministry has compensated me/us the above affected property, I shall allow the Ministry or its agents to access my land for the development of the Kabuyanda Irrigation Scheme.

**Note;**

- a) Where the infrastructure includes only laying pipes underground, I will grant the Ministry or its agents access to my land and after burying the pipes, I shall retain ownership of my land. However, the Ministry will compensate for the developments on the land.
- b) In case the Ministry constructs permanent infrastructure on my land (above), it has been agreed that my land (reasonable size of land affected by the infrastructure) will be assessed and compensated for and ownership of the land shall be transferred to the Government of Uganda.

Undertaking of the Government

- a) The Ministry undertakes to involve and engage the PAP(s) and relevant stakeholders at every stage of the compensation process.
- b) The Ministry undertakes to compensate the PAP(s), as the Chief Valuer's assessment and recommendation before commencement of construction.

THE REPUBLIC OF UGANDA

**CONSENT AGREEMENT FOR PROJECT IMPLEMENTATION AND COMPENSATION FOR CROPS AND INFRASTRUCTURE FOR KABUYANDA IRRIGATION SCHEME SECONDARY AND TERTIARY PIPELINES IN ISINGIRO DISTRICT**

This consent agreement for project implementation of Kabuyanda Irrigation Scheme and compensation of affected property by construction of the Secondary and Tertiary Pipelines for Kabuyanda Irrigation Scheme in Isingiro District is made this... 17th day of... ~~SEPTEMBER~~ 2022

**BETWEEN**

The **MINISTRY OF WATER AND ENVIRONMENT** of P.O BOX 20026 Kampala, Old Port-bell Road, Luzira Kampala (hereinafter referred to as the "Government" which expression shall where the context so admits include her personal representatives, trustees, nominees, heirs and assignees) of the one part;

**AND**

MUGABIRWE ENID who in this agreement will be referred to as the "Project Affected Person and in brief as "PAP" which expression shall where the context so admits include her/his personal representatives, trustees, nominees, heirs and assignees) of the other part,

**AND**

**WHEREAS** the **Government** wishes to construct the Kabuyanda Irrigation Scheme under the Irrigation for Climate Resilience Project funded by the World Bank in Isingiro District to provide farmers in the project areas with access to irrigation and other agricultural services, and to establish management arrangements for irrigation service delivery.

**WHEREAS** the PAP and GOVERNMENT have agreed and are desirous to enter into Project implementation and compensation agreement for the Land/ infrastructure/crops.

**WHEREAS** the PAP consents that the Government explained the compensation process to him/her to the best of her/his understanding and knowledge and here now confirms that he/she has no any more concern regarding the compensation, project objectives and he or she willingly supports the project implementation and compensation.

**WHEREAS** both the Government and PAP shall jointly be referred to as "Parties"

**NOW THEREFORE**, the Parties undertake as follows:

Page 1 of 3

## 1.0 GOVERNMENT

- 1.1 The GOVERNMENT guarantees that the PAP shall be compensated for his/her infrastructure/crops whichever is applicable in the economic assessment before the commencement of the Secondary and Tertiary Pipelines construction.
- 1.2 The GOVERNMENT commits to compensate the PAP the exact amount disclosed to the PAP as per the approval by Chief Government Valuer to his/her bank account and or by cash as has been disclosed to the PAP by MWE and captured in this agreement.

### 2.0 The Project Affected Person (PAP) Commits as follows:

- 2.1 The PAP consents to be compensated for the property that will be taken by the Kabuyanda Secondary and Tertiary Pipelines construction.
- 2.2 The PAP consents that the Kabuyanda Secondary and Tertiary Pipelines construction proceeds immediately after being compensated.
- 2.3 The PAP agrees to participate in the project activities before, during and after implementation where need be.
- 2.4 The PAP consents to the value for compensation that was determined by Chief Government Valuer and indemnifies Government of any future claims on the amount/value compensated and firmly states that the value compensated is appropriate and acceptable to the PAP, the recipient.
- 2.5 The PAP consents that the following compensation value has been disclosed to him/her as determined by Chief Government Valuer today 17/09/2022 by Government for a structure as affected property.

I. Uganda Shillings Amount. 8,177,910#

II. Amount words

Eight million, one hundred Seventy Seven thousand, nine hundred ten Shilling

- 2.6 The PAP undertakes that he/she is the true beneficiary of this compensation and in case of any future claims by a third party regarding particularly this compensation, the PAP shall handle the matter on behalf of Government.
- 2.7 The PAP shall offer un-hindered access to the Government on the property/land after compensation to implement the project.

### Spousal Consent:

I. BYARUHANGA SAM being a spouse of Mugabirwa Ewid who is a PAP in the Compensation for Kabuyanda Secondary and Tertiary Pipelines construction, hereby declare my consent and support for the compensation of my spouse as declared in the Chief Government Valuer's Report and in this agreement.

Signed (Spouse)

Signature: Byaruhanga

Name: BYARUHANGA SAM

Date: 17-9-2022

Page 2 of 3

2.8 The PAP has willingly declared his /her bank details on which Government should deposit the compensation funds as follows:

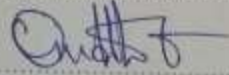

- I. Account Name... MUGABIRWE ENID
- II. Account Number... 3202626648
- III. Bank Name... CENTENARY
- IV. Bank Branch... MBARARA

2.9 The PAP undertakes to acknowledge receipt of funds in writing after compensation.

3.0 The PAP allows the Government and MWE as its appointed agent to start the main pipeline construction as soon as the compensation is effected.

3.1 The PAP and Government have agreed that this agreement is irreversible.

IN WITNESS WHERE OF the PARTIES here to have set their respective signatures the day of the month and year first mentioned above.
