**CONSULTANCY SERVICES FOR DESIGN AND INSTALLATION OF DIRECT  
RECHARGE WELLS TO AUGMENT GROUNDWATER IN BUYENDE AND  
NAKASONGOLA DISTRICT**

**PROCUREMENT REFERENCE NO: MWE/CONS/20-21/00061**

The Government of Uganda through the Ministry of Water and Environment (MWE) has allocated funds for undertaking applied research on replenishment of ground water aquifers through runoff harvesting. This project will be implemented in the districts with low groundwater potential. The **consultancy Services will involve design and installation of recharged wells to augment groundwater in select sites in Buyende and Nakasongola districts.**

The project is a pilot aiming at;

- i) Demonstration of groundwater recharge technology as a mechanism for improving groundwater quantity and quality
- ii) Documentation of effectiveness of groundwater recharge as a technology for increasing infiltration of rainwater into the sub-surface
- iii) Monitoring of the quality of water injected into the ground through recharge wells.

The proposed implementation period of the assignment is 6 months to commence upon signing the contract.

The detailed Terms of Reference (ToR) for the assignment can be accessed at; [www.mwe.go.ug](http://www.mwe.go.ug) and <http://www.gpp.ppda.go.ug/>

The MWE invites eligible consulting firms (“consultants”) to indicated their interest in providing the above services. Interested consultants should provide sufficient information demonstrating that they have the required qualifications and relevant experience to undertake the assignment.

Consultants will be selected in accordance with the **Quality and Cost Based Selection (QCBS)** method. Further information can be obtained at the address below during office working hours (Monday to Friday, 08:30 – 17:00 hours) except on public holidays.

Expression of interest (**One Original plus three copies**) must be delivered in hard copy to address below (in person or by courier or by e-mail) by 9<sup>th</sup> February 2021.

The packages must be clearly marked **Expression of Interest for Consultancy Services for Design and installation of recharged wells to augment groundwater in select sites in Buyende and Nakasogola districts**
